Instructions

- Answer all five questions.
- Show calculations where requested.
- Use evidence from the printed stimulus when a question refers to it.

Assessment

Read the stimulus and each question carefully.

> *On Monday, Class Two planted bean seeds beside the classroom. Asha put a name label by each pot. The class added a little water and placed the pots near a sunny window. On Friday, two small green shoots had appeared. The learners measured them with paper strips. Asha wrote the results in the class book. The class agreed to water the pots only when the soil felt dry. They wanted to save water and keep the plants healthy.*

1.1 When and where did Class Two plant the bean seeds? What did Asha put by each pot? **[4]**

1.2 Name two things the class did to help the seeds grow. What did they use to measure the shoots, and when did two shoots appear? **[4]**

1.3 Give two reasons the class watered the pots only when the soil felt dry. Explain how this helped save water and keep the plants healthy. **[4]**

1.4 Change this sentence to describe one pot: 'The pots are near a sunny window.' **[4]**

1.5 Write two sentences about how you would care for a class plant. **[4]**
